

FUNDING WILL BUILD THE HOLYOKE LATINO PROFESSIONAL BUSINESS CENTER

Washington “ Congressman John W. Olver (D-1st District) announced today that the U.S. Department of Commerce has awarded a \$710,000 grant to the City of Holyoke and the Western Massachusetts Hispanic Chamber of Commerce to build a new Hispanic business center in Holyoke.

Congressman Olver worked closely with the Western Massachusetts Hispanic Chamber of Commerce and the City of Holyoke to secure this funding.

“The new Hispanic business center will bring together a variety of people and services in a convenient location for Holyoke’s Hispanic community,”

Olver continued, “This funding would not have happened without the commitment by Mayor Stephen L. O’Connell to support this project.”

The new Holyoke Latino Professional Business Center will be a one-stop service center including a variety of services for Holyoke’s Hispanic community, including business development, job training, and financial counseling.
